About the Book

10 Busy Brooms is a delightful children's book by Carole Gerber that follows the adventures of ten little brooms. These brooms are not your ordinary cleaning tools; they are magical brooms that can fly, dance, and even play music.

The story begins as the ten brooms are getting ready for bed. But they are too excited to sleep, so they decide to go on an adventure. They fly out the window and into the night sky, where they have all sorts of fun.

They fly over the moon, past the stars, and even visit a castle in the clouds. Along the way, they meet all sorts of interesting characters, including a friendly dragon and a wise old owl.

But their adventure is not without its challenges. They encounter a thunderstorm, a hungry troll, and even a wicked witch. But the ten brooms are brave and resourceful, and they always find a way to overcome their obstacles.

In the end, the ten brooms return home safely, just in time for sunrise. They are tired but happy, and they have learned a lot about themselves and the world around them.
