

An International Work Of Reference On The Constitution Doctrine Discipline And

Product Description

This book is an indispensable resource for anyone interested in the field of constitutional law. It provides a comprehensive overview of the constitutions of over 190 countries, as well as a detailed analysis of the major constitutional doctrines and principles. The book is divided into three parts:

1. The first part provides a general to constitutional law, including a discussion of the nature of constitutions, the different types of constitutions, and the methods of constitutional interpretation.
2. The second part provides a country-by-country overview of the constitutions of over 190 countries. Each country entry includes a brief history of the country's constitution, a summary of the constitution's main provisions, and a discussion of the major constitutional issues facing the country.
3. The third part provides a detailed analysis of the major constitutional doctrines and principles, including a discussion of the separation of powers, the rule of law, and the protection of fundamental rights.

This book is an essential resource for anyone interested in the field of constitutional law. It is a valuable tool for students, scholars, practitioners, and policymakers alike.
